

## EXPERIENTIAL LEARNING

# Connect students to relevant opportunities and measure outcomes in their experiential learning journey

## FOR STAFF

Scale your campus-wide experiential learning programs and increase awareness among students. Easily manage, track, and assess experiential learning programs to better serve students.

## FOR STUDENTS

UniHub connects students to relevant experiential learning programs based on their academic plan, engagement, and interests. Additionally, UniHub provides a step-by-step journey to enable students to complete their experiential learning programs.

## WHAT CLIENTS ARE SAYING

**“Simplicity’s UniHub solution has transformed the way we manage and track student event attendance leading to higher student engagement, reporting and student satisfaction whilst reducing operational costs.”**

*Dr. Alan McAlpine, Associate Director, Strategic Partnerships, Student Success Group, QUT*

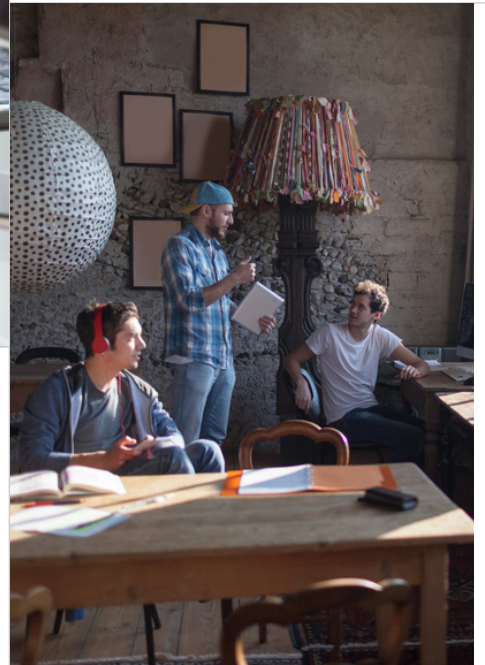

**BENEFITS OF ADOPTION**

UniHub adoption is critical for creating a unified campus experience. By providing a collaborative environment between teams and departments across the institution, students benefit from a single engagement marketplace resulting in a full view of all student interactions at a university level.

# UNPARALLELED CUSTOMER SERVICE
