

Automate workflows to ensure quicker and smoother delivery of accommodations

Accommodate

Modernize the accommodation request process with a fully ADA-compliant interface that allows students to seamlessly submit requests, connect with note-takers, have assistive devices checked out electronically and more. We've made over half a million students' lives easier with the user experience and simplicity they expect.

Eliminate endless manual processes with the ability to approve accommodation requests online, ensure fast and cohesive communication between colleagues, and easily track accessibility resources like test room availability and device inventory.

WHAT CLIENTS ARE SAYING

“Our office could not have functioned this year without Accommodate. We doubled our numbers from last year. We took on testing, which had been managed by another office previously, and we did over twice as many exams than that office did in the previous year.”

St. Francis College

UNPARALLELED REPORTING CAPABILITIES

Accommodate has super-charged data-capturing capabilities, allowing any data within the system to be collected, turned into a report, analyzed and shared with key decision-makers.

FEATURES

- ADA & 508 Compliance*
- Accommodation Request Management*
- Note-Taker Network*
- Alternative Testing Room Management*
- Equipment & Assistive Devices Checkout*
- Appointment Management*
- Insightful Reporting*

WHAT CLIENTS ARE SAYING

“Ease of use is something we’re really after in our office. We want to make sure that barriers are knocked down and things are accessible and readily available for everybody. In order to do that, it just makes sense to go with a product like Accommodate to be able to do.”

Baylor University

Accommodate delivers sophisticated integration with ERP’s and student information systems via web services, API’s, sFTP, and other methods. The product also connects with Google or Outlook calendars to display accurate staff and test room availability.

BUILDING ACCESSIBILITY ACCORDING TO YOUR INSTITUTION’S NEEDS

UNMATCHED SECURITY

We don’t just “comply” with security standards. We’re the only service provider in our space who has achieved a level of security, accountability and process maturity to achieve ISO-9001, SSAE-16, and CMMI Level 3 and ISO 27001 certifications.
